

**Monthly Rates for Medical Equipment**  
**Loaned Out**  
**To be used on Hospital Report**

If you are loaning out the Hospital Equipment listed below, use the monthly rates listed for each item. To make it easy for you and me please, give the amount for each item on a separate line, such as 2 sets of crutches on one line and 2 walkers on another line. Be sure to give the dollar credit in the last column. I will not accept reports that says loaned hospital equipment and the dollar amount. I need to know how much, and what kind of equipment.

Bed (Electric)	\$125.00 per month
Bed (Mechanical)	\$75.00 per month
Commode	\$23.00 per month
Crutches	\$8.00 per week/\$25.00 per month
Nebulizer	\$40.00 per month
Scooter (Electric)	\$90.00 per month
Shower/Bath Seat	\$23.00 per month
Walkers	\$40.00 per month
Wheelchair (Manual)	\$65.00 per month
Wheelchair (Electric)	\$90.00 per month

The above prices are an average for rental of medical equipment.
